| 7.2 Check which reminders were sent, to which customers, and their status (Sent/Failed)..... | 19 |
| 7.3 Export email logs .....                                                                  | 19 |
| 8. Logout.....                                                                               | 20 |
| 8.1 Click Logout on the top-right corner to securely exit .....                              | 20 |

# **Battery Electrolyte Refill Reminder**

## **1.Introduction**

### 1.1 Purpose of the System

The purpose of the Battery Electrolyte Reminder System is to automate the monitoring and management of battery electrolyte maintenance. The system ensures that customers receive timely notifications for electrolyte checks, helping extend battery life, minimize failures, and improve overall service efficiency.

### 1.2 Scope of the Manual

This manual provides step-by-step guidance on using the Battery Electrolyte Reminder System. It covers the following areas:

Logging into the system

Role-based access (Admin/User)

Dashboard overview

Customer and battery management

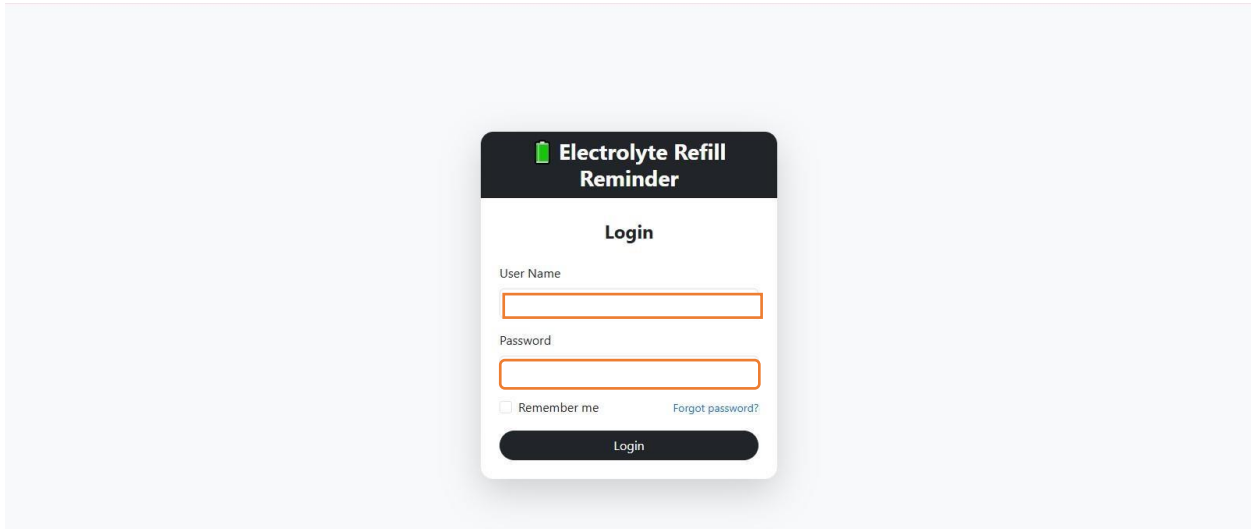

Service reminder generation

Notification handling

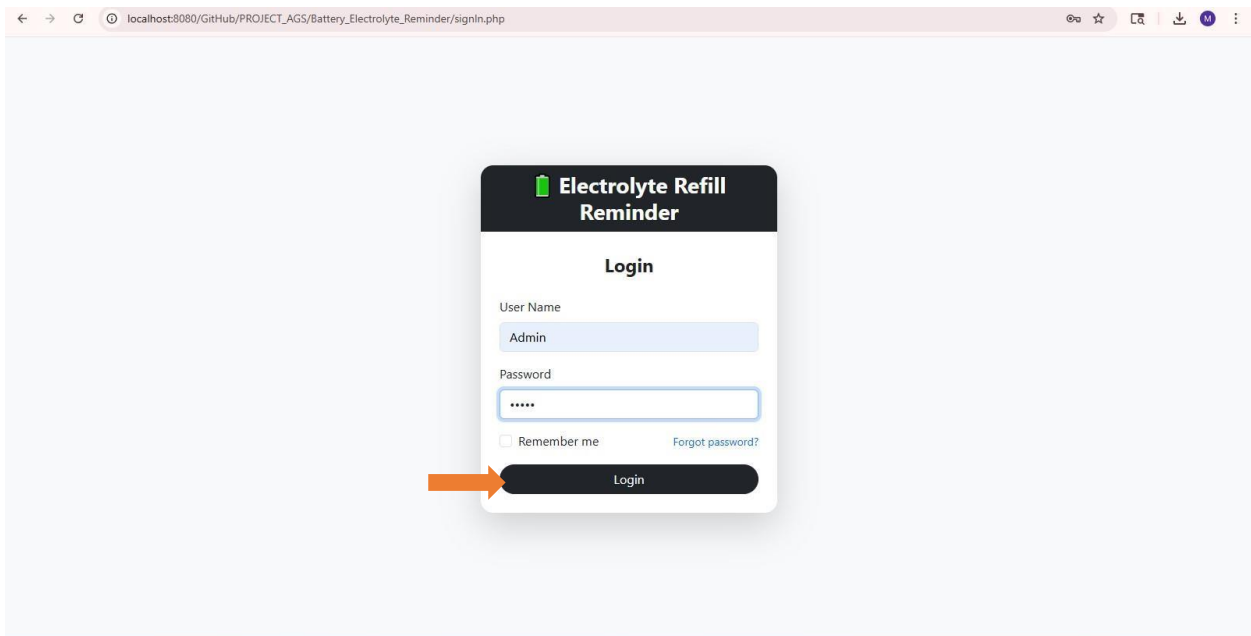

This manual is intended for both administrators and end-users who interact with the system.

## 2.Login

2.1 Open the system in your browser.

2.2 Enter Username and Password.

Click Login.

### 3.Sale Management

Enter details (Customer Name, Select battery, Phone, Email,  
Enter Sale Date, Warranty NO.)

The screenshot shows a web browser window with the URL `localhost:8080/GitHub/PROJECT_AGS/Battery_Electrolyte_Reminder/Screen/addCustomerInfo.php`. The page has a dark sidebar with navigation links: Dashboard, Battery, Sale, and UserManual. The main content area displays the 'Add Sale' form. The form has a title bar 'Add Sale' and contains the following fields:

- Customer Name \* (text input)
- Phone Number \* (text input)
- Email \* (text input)
- Select Battery \* (dropdown menu)
- Sale Date \* (text input with a calendar icon)
- Warranty No \* (text input with a note: 'Must be exactly 12 numeric characters')

An orange arrow points to the 'Submit' button. The footer of the page shows '© 2025 Copyright: AGS.com' and the system time '12:14 PM 9/15/2025'.

Click Submit.

### 3.2 View Customer Record

Navigate to Sale>Sale Record

This screenshot shows the same 'Add Sale' form as the previous one, but with example data entered into the fields:

- Customer Name \*: Enter customer name
- Phone Number \*: e.g. 03XX-XXXXXX
- Email \*: Enter email address
- Select Battery \*: -- Select Battery --
- Sale Date \*: mm/dd/yyyy --:-- --
- Warranty No \*: e.g. AB12CD34EF56 (Note: 'Must be exactly 12 numeric characters')

The 'Submit' and 'Cancel' buttons are visible at the bottom right of the form. The footer of the page shows '© 2025 Copyright: AGS.com'.

## 4.Battery Management

### 4.1 Go to Battery > Add Battery.

The screenshot shows the 'Electrolyte Refil Reminder' dashboard. On the left sidebar, the 'Add Battery Info' button is highlighted with an orange arrow. The main content area displays the 'Battery Electrolyte Reminder' title and a subtitle 'Track upcoming, due, and overdue battery reminders'. Below this is a 'Filter Records' section with search filters for Customer Name, All Batteries, and date ranges. A table titled 'Battery Records' lists battery details including Customer, Phone, Email, Battery Model, Sale Date, Next Service Date, Days since Last Service, and Status. The table shows four entries: Ali Ahmed, Ashir, Azhar, and Mohsin. The status for Ali Ahmed is 'Upcoming', while the others are 'Warranty Expired'.

| Customer  | Phone         | Email                    | Battery Model | Sale Date           | Next Service Date   | Days since Last Service | Status           |
|-----------|---------------|--------------------------|---------------|---------------------|---------------------|-------------------------|------------------|
| Ali Ahmed | 03160263232   | mohammadnaveel@gmail.com | Vs 1474       | 2025-08-25 09:43:00 | 2025-09-26 00:00:00 | 0 days                  | Upcoming         |
| Ashir     | +923160263334 | muhammadMohsin@gmail.com | Vs 1500       | 2025-08-01 10:49:00 | 2025-09-15 10:49:00 | 40 days                 | Warranty Expired |
| Azhar     | +923211234667 | Saif.rehman@abl.atlas.pk | Vs 1500       | 2025-08-06 09:51:00 | 2025-09-20 09:51:00 | 35 days                 | Warranty Expired |
| Mohsin    | 03554698781   | muhammadMohsin@gmail.com | Vs 1500       | 2025-08-16          | 2025-09-15          | 25 days                 | Warranty Expired |

Enter Battery details (Model Name, Battery Code, Status, Warranty Period ).

The screenshot shows the 'Add New Battery' form. It contains four main input fields: 'Battery Model \*' (with a format hint: 'Letters with optional dash + space + 2-4 digit number'), 'Warranty Period\* (in months)' (with a hint: 'Must be numeric characters'), 'Status' (a dropdown menu with 'Active' selected), and 'Product Code \*' (with a hint: '3-10 uppercase letters or numbers only'). There are 'Submit' and 'Cancel' buttons at the bottom right.

Submit the record.

Enter the details you want to edit.

The screenshot shows a web application interface for editing battery records. The main header is 'Battery Edit Form' with a user profile 'Admin' and a notification bell icon. A dark sidebar on the left contains navigation links: Dashboard, Battery, Sale, Email Logs, and UserManual. The central form area is titled 'Battery Edit Form' and includes the following fields:

- Model Name:** A text input field containing 'Vs 1500'. Below it, a note states: 'Format: Letters + optional hyphen + space + 2-4 digits.'
- Warranty Period \* (in months):** A text input field containing '1'. Below it, a note states: 'Must be exactly 12 alphanumeric characters.'
- Product Code:** A text input field containing 'WS150'. Below it, a note states: '3-10 characters (uppercase letters and numbers only).'
- Status:** A dropdown menu currently showing 'Active'.

At the bottom of the form are two buttons: 'Cancel' and 'Update'. An orange arrow points directly to the 'Update' button. The footer of the application shows the copyright notice: '© 2025 Copyright: AGS.com'.

Click update to update the record

#### 4.4 Delete battery Record

The screenshot displays a web application interface for managing battery records. On the left is a dark sidebar with navigation links: Dashboard, Battery, Sale, Email Logs, and UserManual. The main content area is titled 'Battery Record' and includes an 'Add Battery' button. Below the title is a toolbar with options: Copy, CSV, Excel, PDF, Print, and a 'Show 10 entries' dropdown. A search bar is also present. The central part of the interface is a table with the following columns: Id, Model Name, Warranty Period, Battery Code, Updated At, Updated By, and Action. The table contains 5 rows of data. The 'Delete' button in the 'Action' column for the first row (Id 2) is highlighted with an orange arrow. At the bottom of the table, it says 'Showing 1 to 5 of 5 entries' and has 'Previous', '1', and 'Next' pagination controls. The footer of the application shows the local host path and copyright information for AGS.com.

| Id | Model Name | Warranty Period | Battery Code | Updated At          | Updated By | Action                                      |
|----|------------|-----------------|--------------|---------------------|------------|---------------------------------------------|
| 2  | Vs 1500    | 1               | WS150        | 2025-09-10 12:43:33 | Admin      | <a href="#">Edit</a> <a href="#">Delete</a> |

The system shows Due Reminders.

The screenshot shows the 'Battery Electrolyte Refill Reminder' dashboard. At the top, there are four summary cards: 'Total Batteries 5 Active in System', 'Customer 5 Active in system', 'Total Due batteries 3 For Refill Reminder', and 'Upcoming Maintenance 3 Within 15 Days'. Below these is a 'Filter Records' section with search and date range options. The main section is 'Sale Records', which contains a table of battery data. The table has columns for Customer, Phone, Email, Battery Model, Sale Date, Next Service Date, Days since Last Service, and Status. The row for 'Naveel22' is highlighted, and the 'Notify' button next to it is pointed to by a red arrow. The status for this row is 'Due Today'.

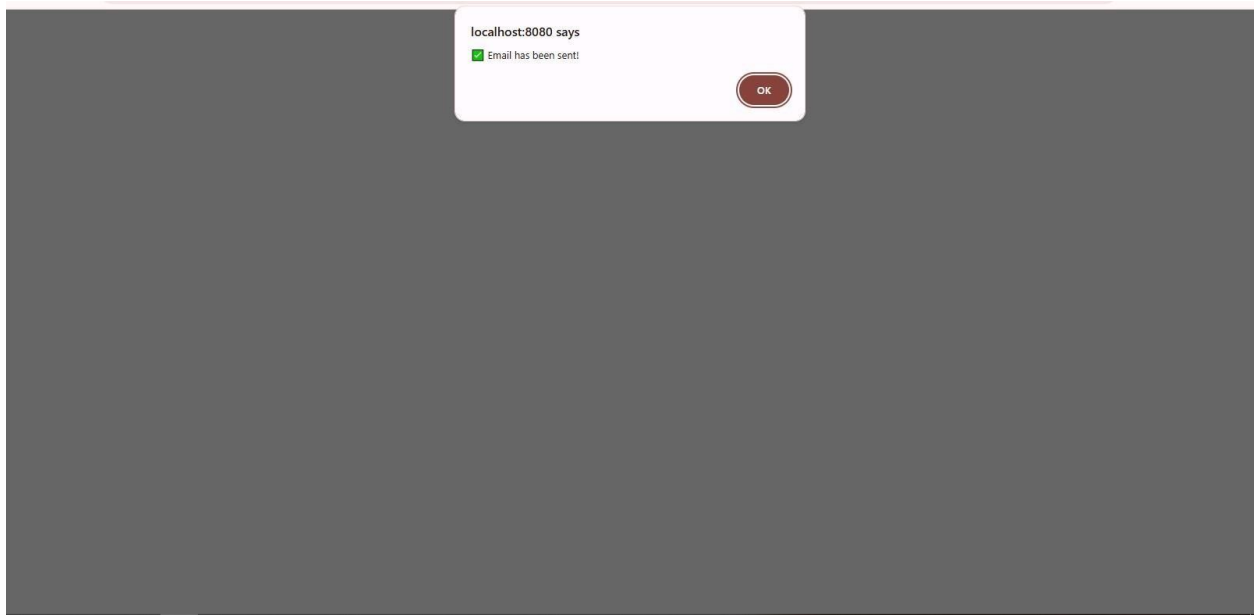

| Customer  | Phone         | Email                    | Battery Model | Sale Date           | Next Service Date   | Days since Last Service | Status           |

### 6.3 View Reminders.

View reminders for specific time periods according to the warranty period of the battery as the warranty ends it will show a status of warranty expired.

The screenshot shows the 'Electrolyte Refil Reminder' dashboard. On the left is a sidebar with 'Dashboard' (selected), 'Battery', 'Sale', and 'UserManual'. The main area has a 'Filter Records' section with a search bar, a dropdown for 'All Batteries', and date pickers. Below is a 'Sale Records' table with columns: Customer, Phone, Email, Battery Model, Sale Date, Next Service Date, Days since LastService, and Status. The table contains 5 entries. The first entry is 'Upcoming'. The second and third entries are 'Warranty Expired', highlighted with orange arrows. The fourth entry is 'Upcoming'. The fifth entry is 'Due Today' with a 'Notify' button. At the bottom, it says 'Showing 1 to 5 of 5 entries' and 'Previous 1 Next'. A copyright notice '© 2025 Copyright: AGS.com' is at the very bottom.

| Customer  | Phone         | Email                    | Battery Model | Sale Date           | Next Service Date   | Days since LastService | Status                           |

### 6.4 Export reports for a given period.

The screenshot shows a report titled 'Battery Electrolyte Reminder'. It contains a table with the same columns as the dashboard: Customer, Phone, Email, Battery Model, Sale Date, Next Service Date, Days since LastService, and Status. The table lists three entries: Ali Ahmed, Mohsin, and Naveel22. The status for Ali Ahmed and Mohsin is 'Upcoming', and for Naveel22 it is 'Overdue Notify'.

| Customer  | Phone         | Email                    | Battery Model | Sale Date           | Next Service Date   | Days since LastService | Status         |

## 7. Email Log

### 7.1 Go to Email Log.

The screenshot displays the 'Email Logs' page of a web application. The left sidebar contains a menu with 'Dashboard', 'Battery', 'Sale', 'Email Logs' (highlighted with an orange arrow), and 'UserManual'. The main content area shows a table of email logs. Above the table are buttons for 'Copy', 'CSV', 'Excel', 'PDF', 'Print', and a 'Show' dropdown set to '10' entries. A search bar is also present. The table has columns: Log ID, Customer Name, Email, Subject, Status, and Sent At. The first entry (Log ID 1) has a green checkmark in the Status column. The table shows 10 entries, all with a status of 'Sent'. Below the table, it says 'Showing 1 to 10 of 22 entries' and has pagination links: 'Previous', '1', '2', '3', 'Next'. The footer of the application shows '© 2025 Copyright: AGS.com' and the system clock indicates 12:28 PM on 9/15/2025.

| Log ID | Customer Name | Email                    | Subject                      | Status | Sent At             |
|--------|---------------|--------------------------|------------------------------|--------|---------------------|
| 1      | Ali Ahmed     | mohammadnaveel@gmail.com | Battery Maintenance Reminder | Sent   | 2025-09-08 12:22:30 |
